Perfect, thanks Adam and John. I just received Pat's too, so in a few moments we'll have a single file with all the slides. Hooray!

Good catches - sometimes I can't see what's right in front of my face.

Erin, the attached has the changes....

Hi John-

Thanks for forwarding the revised slides. Looks good. On the final slide, I noticed a couple minor items under the "Delta Ecosystem Management" bullet:

1. Should "Transformed" with Delta Reform Act... be changed to "Transformed" by the Delta Reform Act....?
2. Change "Near clear objectives..." to "Need clear objectives..."

Thanks again for pulling this together. Have a great weekend.  
Adam

Hi All,

Attached is my latest. I'm hoping I captured the different ideas/comments from yesterday. I did insert

some notes, so you can check my thinking. I usually do not speak from notes, but it helps me plan my presentation when I write them out. I'm out tomorrow and Monday, have a couple of meetings on Tuesday and am driving up Tuesday afternoon. I'll be staying through Thursday at the Marriott Residence near Cal Expo.

From what I understand, Erin will incorporate these into the overall slide show, though I'll bring a back-up for my portion. Also, I did check my laser pointer and it works. Now I just have to remember to bring it with me.

Any thoughts, edits, etc. let me know. If it is a typo, let Erin know and she can fix it. If my folks see anything important that needs to be changed, modified, I can work on it Tuesday/Tuesday night. If there are others in your organization that may have some thoughts, go ahead and pass these on.

On timing, I'm flexible. So if the team thinks I should present in a different spot, I can go whenever we agree is best.
